Work Experience

Ramp

Product Designer Dec 2023 - present

Brought Ramp Treasury offering to banking parity, enabling growth to $3.23B AUM (30x YoY) and 10,000 customers (10x YoY).

Designed features enabling customers to increase credit limits with cash deposits and redeem cashback into treasury accounts, generating $450K/year contribution profit (projected $10-20M annually) and driving $6.4M in redemptions with 303 new customers (24% of all new accounts launch month).

Redesigned cardholder onboarding achieving 94% completion, 2.4× more Day 1 transactions, and reduced support tickets (0.032 to 0 per user in first 30 days).

Consolidated 3 drawers to 1 unified Wallet drawer with zero customer disruption on a high-traffic surface and shipped spend program bulk actions achieving 15% adoption with zero enablement.
